1. (S/NF/SK) MISSION: Determine the nature and scope of an event(s) of singular importance and interest to the US. Prior to describing the event and its significance, access and describe the military forces, diplomatic activities, and sociological factors of the society (ies) involved in the event.

- (S/NF/SK) VIEWER TASKING: Re-access the "material oriented" society (previously viewed on 2 Feb 88) associated with the target at coordinates 681001/ 187811. Examine the society in detail and provide information on the predominant religious and philosophical beliefs, and the traditions associated with these beliefs. How is this group related to the peaceful people described in the first two sessions?
- (S/NF/SK) COMMENTS: No physical inclemencies noted. Viewer experienced very heavy overlay some of which he considers matching. Note the description he provides on page six of his session.

The dome structure is not in the same location as the many structures (see para. 1, viewer summary), however it is somehow related to the overall task.

ADL MATCHING - getting some very heavy overlay. It seems to be the age old story of conquering a relatively seaceful people by military force. For reasons of greed and grandeur. Excuses given for such actions are rightiousness and desting. ADL - the Romans and the Jews, Custer and the Sioux and Hitler and any non-Aryan race. The feeling is to subjugate or eliminate.

SESSION SUMMARY

SESSION: 14 MARBB, 1330-1428

SG1J

There is a land/water/structure interface. There seems to be many structures (AOL-Indian tipis). Also get a square structure with a pointed dome and a red and blue flag or banner. I can see a man on a horse in a blue uniform and white gountlets pointing to the other side of a ravine or valley (AOL- cavalry, reminds me of a civil war cavalry uniform).

AOL - getting an overlay of the Civil War and Indian Wars GENERAL GRANT and GENERAL CUSTER
